

Armed Forces Day celebration set here May 19, featuring flyover, exhibits, music, run, & much more

The south-central Pennsylvania area's annual Armed Forces Day Open House will be held at the Naval Support Activity Mechanicsburg Saturday, May 19, and the public is invited.

The open house runs officially from 10 a.m. to 3 p.m., but the gates will open at 6 a.m. and the day's 5-kilometer run begins at 8:30 a.m.

The event will include both indoor and outdoor exhibits and activities of interest to visitors of all ages. Admission is free and there is plenty of free parking.

The opening ceremony, at 10

a.m. will feature a 13-gun howitzer salute by the Pennsylvania Army National Guard and a flyover by Pennsylvania Air National Guard A-10 combat aircraft.

In addition to exhibits of military tracked and wheeled vehicles and aircraft, the day will feature live music by the 276th Army Band and area high school jazz bands.

Military recruiters will be on hand along with representatives of area veterans groups.

Many types of food and refreshments will be available for purchase throughout the day.

Visitors may enter the Naval Support Activity Mechanicsburg via the Main Gate at Gateway Plaza on the Carlisle Pike, or though the South Gate on Trindle Road, east of Mechanicsburg.

Registration for the Armed Forces Day 5K run, which costs \$7, will begin at 7:30 a.m. at the north end of building 214. Prizes will be awarded to the first male and female finishers and in four age categories.

For more information about the run, contact Joe Marhefka, Ext. 1489, or Bob Taylor, Ext. 4376.

Tentative decision reached in HAZMAT Ops A-76

NAVSUPHQ Public Affairs - The Naval Supply Systems Command recently determined that the Navy will retain in house the Hazardous Materials (HAZMAT) Operations in the Southeast Region. This decision is the result of a competitive study conducted in accordance with the Office of Management and Budget Circular A-76.

The Southeast Region includes HAZMAT operations at the Fleet and Industrial Supply Center Jacksonville, Fla.; Naval Air Station Jacksonville, Fla.; and FISC Jacksonville Detachments, Mayport, Fla.; Charleston, S.C.; Corpus Christi, Texas; and Kingsville, Texas. The operations include providing hazardous materials in response to customer requests from designated Hazardous Minimization Centers. The Southeast Region study included 17 civilians. The government's proposal calls for a work force of 14 civilian employees.

The decision to retain the operation in house was made after the detailed study indicated it was more cost effective to continue to perform the functions with government personnel.

Career employees adversely affected by the decision will be given maximum assistance in continuing their federal careers through reassignment to other positions in the Department of Defense or other agencies. Those employees will also be assisted, in cooperation with the Department of Labor and State employment services, in locating positions in private industry or afforded opportunities to undertake retraining programs to qualify them for jobs available in local labor markets.

Conveyors make loading provisions on ships easier

FISC San Diego Public Affairs - San Diego Sailors are breathing a sigh of relief these days due to a new pier conveyor service to assist ships' crews in loading provisions.

Not too long ago when a ship needed provisions, more than 35 Sailors had to stop whatever they were doing to assist in the on loading of stores. This process was time consuming - it took one to two hours depending on the load size - and injuries to the Sailors were not uncommon.

Last October, Commander, Naval Surface Force, U. S. Pacific Fleet, and the Fleet and Industrial Supply Center San Diego contracted for two pier conveyors for ships docked at Naval Stations San Diego and Point Loma. Aircraft carriers berthed at Naval Air Station North Island have their own conveyor belts made specifically for larger ships.

With the conveyor, which is about 23 feet long and the width of a typical escalator, stores can now be onloaded and offloaded at a rate of approximately 1,000 boxes per hour.

FISC San Diego schedules the conveyors for ship use in conjunction with Subsistence Prime Vendor (SPV) deliveries. FISC's SPV team arranges for ships to use the conveyors based on the provisions order size and on a first-come, first-served basis.

RADM Michael Finley selected for promotion

The Navy announced yesterday that RADM Michael E. Finley, Supply Corps, U.S. Navy, has been selected for promotion to the two-star rank of rear admiral (upper half).

RADM Finley currently serves as commander of the Naval Inventory Control Point, headquartered in Philadelphia, Pa. Prior to his current assignment, he served as the Director, Supply Programs and Policy Division in the Office of the Chief of Naval Operations, Washington, D.C.

A 1973 graduate of Cornell University, he holds a master's degree, with distinction, in operations research from the Naval Postgraduate School, Monterey Calif.

Last active-duty Vietnam POW retires

By AIRLANT Public Affairs

NORFOLK, Va. (Navy News Service) – VADM Joseph Mobley, the last active-duty Vietnam POW, turned over command of Naval Air Force, U.S. Atlantic Fleet, April 12 to his relief, RADM Michael Malone, in a ceremony on board USS *Theodore Roosevelt* (CVN 71).

Mobley was held in Vietnam as a prisoner of war for almost five years, from June 1968 to March 1973, after his A-6 *In-*

truder was severely damaged in combat and he was forced to eject over enemy territory.

When Mobley was shot down, he was assigned to Attack Squadron 35, embarked aboard USS *Enterprise* (CVN 65), serving his first tour of duty after graduating from the U.S. Naval Academy in 1966.

Among the many personal decorations awarded to Mobley are the Defense Distinguished Service Medal, Legion of Merit, and two Distinguished Flying Crosses.

Yonei lauded as GSA Mart's Manager of Year 2000

FISC Yokosuka Public Affairs - Peter Glading, GSA Acting Regional Administrator for the Pacific Rim Region, recently named FISC Yokosuka employee, Toshitatsu Yonei, as the GSA Mart Manager of the Year 2000 during a ceremony held at Yokosuka Naval Base, Yokosuka, Japan, on March 19.

Yonei was recognized for his exceptional managerial skills and selfless dedication to service. According to Glading, Yonei's commitment to the mission, customer service attitude, and proven successes are exemplary. Yonei initiated, organized and coordinated several initiatives to provide better service to his customers and to improve the store.

GSA Mart Yokosuka wins Store of Year honors

FISC Yokosuka Public Affairs - General Services Administration Mart Yokosuka garnered GSA Mart Store of the Year honors for fiscal year 2000. Peter Glading, GSA Acting Regional Administrator for the Pacific Rim Region, personally handed the award to the GSA Mart Yokosuka store employees during an award ceremony held in March at the Yokosuka Naval Base in Japan.

The store is located in a building constructed in 1944 with approximately 21,000 square feet for retail and bulk storage. Due to the age and size of the building, the GSA Mart staff is continually challenged to effectively operate and maintain the store while offering its customers a convenient shopping environment.

The store has a work force of six FISC Yokosuka foreign national employees. They manage an annual inventory of over \$1 million and process over 8,000 transactions.

FOSSAC gets \$20 million cost reduction for trainer

FOSSAC Public Affairs - FOSSAC's PriceFighters Department recently teamed with the Defense Contract Management Activity and NAVAIR's T-45 Program Office and Contracts Directorate and successfully attained a \$20 million cost reduction on the procurement of 14 T-45TS trainer aircraft.

PriceFighters spent four months analyzing the engineering and manufacturing portions of the contractor's proposal, and developing and maintaining a comprehensive cost model for the aircraft. They provided very detailed technical reports, which eventually outlined the government's position for those elements.

PriceFighters then directly assisted the NAVAIR contract specialist in contract negotiations, fully defending the positions prepared. An agreement was reached with formal contract award occurring in February for \$20 million less than originally proposed.

Address corrections help reduce shipping time, costs

NAVTRANS Public Affairs - Naval Transportation Support Center is now responsible for verifying all freight address change notices sent by Navy activities prior to submission to Defense Finance & Accounting Service (DFAS) for inclusion in the Department of Defense Address Directory.

Before this, Navy claimants submitted their address change requests to DFAS. NAVTRANS will now verify all freight address change notices. This action will help reduce misdirected cargo, excessive handling, and reduce transportation cost associated with redirected shipments.

Program completion marked...

During a recent Fleet Material Support Office Open Forum, CAPT Michael Roesner, FMSO Commanding Officer, honored Kathleen Chastain by presenting her with a plaque commemorating her completion of the Executive Potential Program and being FMSO's first person to complete the EPP. Chastain recently graduated from this competency-based leadership development program, which provides training and developmental experiences for high potential individuals GS 13-15. The program operates under the direction of the Leadership Development Academy, Graduate School, USDA.

At the College Fair...

Some 350 employees attended the College Fair April 4 in the Special Events Forum. Hosted by the Human Resources Office, the event featured representatives from 17 colleges within the local commuting area. Participants obtained information on certificate and degree programs geared towards working adults. Distance learning, Web-based, and accelerated degree programs were highlighted. Representing the Naval Supply Systems Command...

Representative civilian and military personnel from throughout the Naval Supply Systems Command helped tell the story of the claimancy through a series of exhibits placed at the Sea-Air-Space Exposition held earlier this month in Washington, D.C. The event is put on yearly by the Navy League of the United States and is billed as the largest maritime show in the world. It offers participants the opportunity to experience the technology of more than 100 leading defense industries. The event included a Secretary of the Navy luncheon.

NALC team keys on customers

Support of continuous Naval Ammunition Logistics Center efforts to interface with its worldwide customer base keyed a recent Mobile Fleet Support Team conference in Mechanicsburg.

The conference brought together members from across the U.S. as well as support team representatives in Singapore and Naples, Italy, who can provide similar services. The team works to provide timely Ordnance Information Systems (OIS) training to its retail ordnance customers around the world in their respective locations. The team focuses on the proper operation of the customers' local accounting systems -- the Retail Ordnance Logistics Management System, ordnance Automated Information Technology training, and more.

Who: Dan Diviney
Activity: DON Career Management Site

Job Title: Education Specialist

Volunteer activities: Diviney has spent the past 16 years as a volunteer coaching sports teams, including soccer, basketball, volleyball and softball. He is currently managing a summer girls softball program with four teams and runs a pitching clinic for the New Oxford Girls

Softball Association. He serves on the Board of the Adams County Irish Festival. He is also helping to establish an Adams County Irish Museum and Library to bring Irish history and arts to the area. He helps further Irish traditional music by participating in local music sessions.

On His Volunteer Efforts: "I have always felt fortunate to have so many people in my life give so much of themselves. My parents both worked long hours but they each found time to volunteer in the community. It was their never-ending giving-of-themselves to others that led me to volunteer my time. I enjoy the intrinsic rewards that helping others provides. It just makes me feel good. I believe volunteering must come from the heart, from the desire to help others, and that it is important to communities. The best feeling is when I help someone and neither they nor anyone else knows who did it."

Navy Log: Honoring mom & dad

Washington, D.C., April 2001 — With Mothers Day and Fathers Day right around the corner, the U.S. Navy Memorial in Washington D.C. is encouraging sons and daughters to honor their parents who served in the Navy, Coast Guard, Marines, or Merchant Marine by enrolling them in the Navy Log in Washington, D.C.

The log has thus far collected names and service information of 250,000 present and former naval personnel. Most of the names are of living persons self-enrolled or by gift tributes from friends or families, but a large number are of deceased veterans enrolled in the

log by their descendants or by surviving shipmates. All enrollments form a part of America's enduring naval heritage, a permanent and publicly accessible video register available for viewing at the Naval Heritage Center next to the Memorial on Pennsylvania Avenue, midway between the White House and the Capitol, or on the Memorial's Internet web site, www.lonesailor.org.

Each log entry contains the entrant's name, date and place of birth, dates and branch of naval service, highest rate or rank attained, up to five top medals and awards, and five duty stations. Log enrollments

help support the memorial's values-based educational programs, which honor, preserve and celebrate America's enduring naval heritage.

Sons and daughters desiring to enroll their mother or father should send his or her name, date and place of birth, dates of naval service, highest rate or rank, up to five awards received, and five duty stations served accompanied by a \$25 tax deductible enrollment donation to Navy Log Dept Y2001, P. O. Box 96570, Washington, DC 20077-7685.

A head and shoulders portrait photo may be added for an additional \$25 (photos cannot be returned). Enrollments make welcome gifts to veterans. Sponsored enrollments are also sought from relatives of deceased naval veterans.

The Navy Memorial Foundation is a nonprofit, tax-exempt organization that receives no government support for building and operating the Navy Memorial or the Naval Heritage Center next to the memorial.

Navy-Marine Corps Relief drawings coming May 3, 10, 17

Continued from Page 1

Evans gift certificate, and much more.

May 17: The grand prize and more.

Tickets should be purchased by Tuesday in the week of each week's drawing. Also, all tickets purchased, including ones already drawn as winning tickets on previous dates, are eligible for further drawings including the grand prize drawing on May 17.

As a reminder, raffle tickets are on sale during lunch-time Tuesday to Thursday at the base cafés (buildings 311 and 407), the Navy Exchange, and the Officers' Club.

Additionally, for any Navy-Marine Corps Relief fund drive information, including raffle ticket sales, contact your activity's NMCRS keyperson or LCDR Mike Taylor, Ext. 4681, or LCDR Jim McCormack, Ext. 6435.
